

OSHA Construction Outreach - 10 Hours, Certificate

Provider: Environmental Management Inc

Length: 10 Hours

Cost: \$185

Cost Unit: Cost of the entire program

Website

<http://www.emi-alaska.com>

Places: Anchorage

This 10 hour course is designed for construction workers, foremen, job supervisors, and anyone involved in the construction industry. OSHA recommends training courses as an orientation to occupational safety and health for workers. Workers must receive additional training, when required by OSHA standards, on the specific hazards of the job. This course is tailored to meet the specific requirements of the class or a specific client. Those individuals needing only the 10 hour Construction Outreach, attend only the first 10 hours of the class. Students who complete the course, receive an EMI certificate, and a completion card from OSHA for the 10 or 30 hour Construction Outreach Course (29CFR 1926).
