Partners for Progress in Delta, Inc., a consortium of educational partners, has been working together since 2003 to address a shortage of skilled workers in the region. Specialized classes, workshops and training opportunities are offered throughout the year and intensive three-week academies are featured during the summer months.

UAF Community and Technical College, the Cooperative Extension Service and Alaska Works Partnership offer a wide range of classes at the Center. Contact [Partners for Progress in Delta](#) for more information.
