Notes:

Based on the quarterly Alaska Housing Unit Survey, a survey of local governments and housing agencies.

"NR" denotes communities that did not respond to the survey.

*Single-family includes attached units; multi-family includes properties with two or more dwellings.

Municipality of Anchorage mobile home data was unavailable from 2001-2010.

As of January 2007, Fairbanks and North Pole city data are reported independently from the rest of the Fairbanks North Star Borough. Data for the Balance of FNSB, representing 97.6% of the Borough's land area, are reported annually in the fourth quarter. Prior to February 2010, the Borough reported number of structures rather than number of units. Current data supersedes previous figures reported.

All of the new housing units in the "Balance of Borough" for Mat-Su Borough (except for the cities of Wasilla and Palmer) are reported annually in the fourth quarter, which overstates the fourth quarter total. This means that quarter-to-quarter comparisons are not possible (ex., 3Qtr 2012 to 4Qtr 2012); however, it is possible to make year-to-year comparisons (ex., 4Qtr 2011 to 4Qtr 2012).
