## Special Populations and Areas

### Introduction

This chapter includes frequently requested estimates of the populations of the military, legislative districts, school districts, Alaska Native Regional Corporations, Alaska Native Village Statistical Areas, and adjacent areas of Canada.

### Armed Forces

In 2016, Alaska had 21,042 active duty military personnel with 30,437 dependents. (See Table 3.1.) The Army, Air Force, and Coast Guard make up nearly all of the military population. With the closure of Adak's naval air station in 1997, the Navy no longer maintains a significant presence here.

As of 2016, most of the military population was Army, at 55 percent. (See Figure 3.1.) Alaska's Army bases are in Anchorage (Joint Base Elmendorf-Richardson), Fairbanks (Fort Wainwright), and Delta Junction (Fort Greely).

The Air Force represented 35 percent of Alaska's military population. Alaska's Air Force bases are located in Anchorage (Joint Base Elmendorf-Richardson), Fairbanks (Eielson Air Force Base), and Denali Borough (Clear Air Force Station).

The Coast Guard made up 9 percent of the military population in 2016. Alaska's Coast Guard locations include Anchorage, Cordova, Juneau, Kodiak, Sitka, Petersburg, and Valdez.

Boroughs and census areas with bases tend to have a high percentage of population in the military. For example, active duty military and dependents in Fairbanks North Star Borough were 19 percent of the area's population in 2016 and 17 percent of Kodiak Island Borough's population.

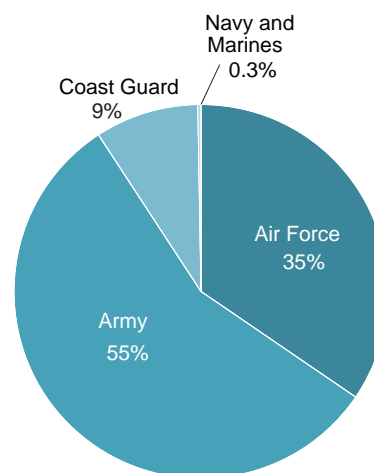

### Legislative Districts

The Alaska Redistricting Board established the current House and Senate districts for the Alaska Legislature in 2013. Overall, the state has 40 House districts and 20 Senate districts. Table 3.2 provides district population data. In 2016, the average population of the House district areas was 18,496 and the average for the Senate areas was 36,991.

### School Districts

Table 3.3 shows the population within Alaska school district boundaries from 2010 to 2016. Of the 53 school districts in

2016, the Anchorage School District had the largest population within its boundaries, with 299,037 people. The district was home to 40 percent of the state's total population. At the other end of the spectrum, the Pelican School District had the fewest people within its boundaries. Only 78 people, or 0.01 percent of the state, lived there.

The six school districts with the fastest growing populations in their boundaries from 2010 to 2016 were St. Marys (16 percent), Matanuska-Susitna Borough (15 percent increase), Southeast Island (12 percent), Municipality of Skagway (10 percent), and Kashunamiut (10 percent). For comparison, Alaska's population grew by 4 percent over the same period.

### Canadian Areas Adjacent to Alaska

Alaskans visiting Canada or conducting business there frequently use information on areas adjacent to Alaska. Table 3.4 includes population figures for selected areas and communities in Yukon Territory and along the border of British Columbia, taken from Statistics Canada's 2006, 2011, and 2016 censuses. The adjacent areas within British Columbia (56,240 people) and the Yukon (35,874) contained 92,114 people in 2016, compared to Southeast Alaska's 2016 population of 73,812.

## Alaska Native Regional Corporations

The Alaska Native Claims Settlement Act of 1971 created 12 in-state Alaska Native Regional Corporations (ANRCs) that cover the entire state except for the Annette Island Reserve, which is Alaska's only American Indian reservation. Table 3.5 shows population estimates for each regional corporation. The estimates are for the Alaska Native and American Indian population living within these regions, not shareholders.

The Alaska Native Regional Corporation areas with the largest numbers who were Alaska Native alone or in combination in 2016 were: Cook Inlet (57,002), Calista (23,520), Doyon (16,762), and Sealaska (16,012). Four of the 12 corporations had populations that were at least three-quarters Alaska Native: Calista (89 percent), NANA (85 percent), Bering Straits (81 percent), and Bristol Bay (75 percent).

## Alaska Native Village Statistical Areas

The Alaska Native Claims Settlement Act of 1971 also identified 209 Alaska Native villages. Populations for these villages were first reported in the 1980 Census. For the 1990 Census, the Census Bureau changed the name to Alaska Native Village Statistical Area (ANVSA) and worked with local officials to delineate boundaries.

ANVSA designations and boundaries change with each decennial census, and may have boundaries that are the same or different from those of cities or "census designated places" (a type of statistical area delineated by the U.S. Census Bureau). In the 2000 Census there were 208 ANVSAs and Tribal Designated Statistical Areas (a category that is no longer used), and as of the 2010 Census, there were 221. (See Table 3.6.)
